

AUDIT OVERSIGHT BOARD

Quality Assurance Inspector

Terms of Reference

The Audit Oversight Board, an independent audit regulator based in Islamabad, is seeking qualified and experienced professional for the position of Quality Assurance Inspector. Applicants are expected to have a high level of competence in auditing and financial reporting.

Job Description

Working at AOB will offer the opportunity to use your skills and experience in auditing to participate in a rigorous program of oversight of registered audit firms including:

- Conducting Quality Assurance inspections of audit firms;
- Assessing the audit firms' quality control structures and their impact on audit quality;
- Gathering and organizing information to support identified inspection issues;
- Researching and consulting with other experts on technical issues in auditing;
- Registration of audit firms and analysis of information submitted by audit firms;
- Preparing technical comments and assisting in drafting of inspection reports;
- Following a risk-based methodology for audit oversight; and
- Performing any other task as assigned.

You will also be able to:

- Enhance your technical skills through inspection activities and collaboration with highly skilled inspection teams;
- Participate in inspection projects aimed at enhancing the effectiveness of the inspection program; and
- Participate in developmental training courses as per policy.
